

**The Australian & New Zealand
Society for Geriatric Medicine
Annual Scientific Meeting 2019**

Geriatric Medicine – Best care to the end

ADELAIDE CONVENTION CENTRE
MONDAY, 13 MAY 2019 – WEDNESDAY, 15 MAY 2019

Monday, 13 May 2019 – Wednesday, 15 May 2019

Adelaide Convention Centre

Dr Samantha Pillay

1. How does attending events like the **ANZSGM ASM 2019** inform or relate to your current practice?

I am passionate about managing incontinence and collaboration with other specialties achieves best patient outcomes.

2. Which topics and sessions will you be addressing and participating in as part of the program?

Appropriate behavioural, medical and minimally invasive incontinence treatment options in the elderly.

3. Why should these sessions not be missed?

If you don't know about the minimally invasive incontinence treatment options available to patients in 80's and 90's then this session is not to be missed. This interactive workshop will bring you up to date with new treatments including the speaker performing a live demonstration of Percutaneous Tibial Nerve Stimulation on herself.

4. What do you think are the most exciting recent developments in the field of geriatric medicine?

Significant improvements in medication and minimally invasive treatments for incontinence.

5. What are the biggest challenges?

Getting doctors and patients to talk about incontinence. Training doctors to manage patients with incontinence.

6. If you could work in a different field of work, which would you choose?

I can't imagine a better field to work in.

7. What would you recommend for visitors to do whilst they are staying in Adelaide, Australia?

Visit The Central Market, watch the sunset on one of the Western City Beaches, do a walking trail in the Hills, Mount Lofty or Belair National Park. Visit Adelaide Hills winery.
